COPY OF PAPERS
ORIGINALLY FILED

Dear Sir:

Prior to any action and/or consideration of the above-captioned application, please enter the following amendments.

In the Specification:

Please delete the paragraph at page 9, lines 16-19, and replace with the paragraph:

--Figure 2A-2B shows the design of the targeting construct used to disrupt anaphylatoxin C3a receptor genes. Figure 2A shows the anaphylatoxin C3a target gene sequence (SEQ ID NO:1), identifying the sequence to be deleted (SEQ ID NO:5) and its flanking sequences (SEQ ID NO:6 and SEQ ID NO:7). Figure 2B shows the sequences identified as SEQ ID NO:3 and SEQ ID NO:4, which were used as the targeting arms (homologous sequences) in the anaphylatoxin C3a receptor targeting construct.--

In the Drawings:

Please replace Figure 2A with new Figure 2A attached herewith.
